EDUCATION

SIES Graduate School of Technology | University of Mumbai **2021 - 2025**
Bachelor of Engineering in Computer Engineering *GPA: 9.28*
Minors: Artificial Intelligence & Machine Learning (AI/ML)

New Horizon Public School, Airoli **2007 – 2021**
Class 12th Percentage: 89.6%
Class 10th Percentage: 91.8%

SKILLS

- **AI Engineering & GenAI**: LangChain, LangGraph, RAG Pipelines, Hugging Face Transformers, NLP (spaCy, NLTK), Vector Databases (FAISS, Pinecone), Prompt Engineering, Agentic Workflows
- **Languages & Frameworks**: Python (Primary), JavaScript, Java, SQL
- **Frontend Development:** HTML, CSS, JavaScript, Responsive UI Design, Figma, UX Prototyping, React, TailwindCSS
- **ML & Data Tools:** Pandas, NumPy, Scikit-learn, TensorFlow/Keras, PyTorch, Matplotlib
- **Cloud & DevOps:** AWS, Docker, GitHub Actions, Supabase
- **Data & Analytics:** SQL (MySQL, PostgreSQL), Tableau, Power BI, Neo4j

EXPERIENCE

Junior Software Developer **Mumbai**
EduvanceAI *August 2025 – Present*

- Led the end-to-end development of an **AI-powered Sales Copilot**, transforming manual field visit planning into an autonomous decision-making system capable of generating optimized 30-day visit schedules using route optimization (TSP), dealer intelligence, and contextual product recommendations.
- Prototyped and evaluated multiple **Generative AI experimentation frameworks**, exploring prompt engineering strategies, RAG optimization, agent workflows, and reasoning evaluation to enhance reliability and enterprise readiness of LLM applications.
- Developed multilingual AI simulation chatbots for a GenAI Learning Management System, enabling role-play based corporate training through adaptive conversations, contextual memory handling, and dynamic scenario progression across multiple languages.

User Experience Designer **Thane**
Zepto Digital Labs *Jun 2023 – Aug 2023*

- Designed UI for a simulation platform and improved user experience through design thinking principles.

Back End Intern **Navi Mumbai**
Laser Technologies Pvt Ltd *Jun 2023 – Jul 2023*

- Managed and maintained backend systems and databases to support enterprise- level web applications.

PROJECTS

Safe Yatra – Women's Safety App. **Navi Mumbai, MH, India**
Developer *August 2024 - April 2025*

- Designed and developed a full-stack mobile application featuring real-time route tracking, intuitive frontend interfaces, and voice-triggered emergency alerts to enhance user safety
- Integrated TensorFlow.js for voice emotion recognition with 70% distress accuracy.

Gita-GPT **Navi Mumbai, MH, India**
Full Stack Developer *August 2023 - May 2024*

- Developed a full-stack conversational web application with an interactive frontend interface delivering emotion-based Bhagavad Gita verse recommendations using empathetic AI.
- Integrated Hume AI for empathetic chatbot support, boosting engagement by 60%
